

*Dear Santa!*

*I hope you are not too busy and you will not forget about me. This year I have some special wishes. It would be nice if you could give my parents health and happiness. They both need some free time, so please make their jobs easy for them and make it possible for them to rest a bit. This year I wish for my whole family to spend a lot of time together! My mom also loves jewellery, so you could get her something pretty, like a new necklace or bracelet. As for my dad, you could bring him some new historical books and old coins, because he is a big fan of collecting them. He definitely deserves it.*

*And my personal wish is to get an iPad. It has been my dream for a while, and if I find it underneath the Christmas tree, I will be the happiest girl on Earth. During the year I was trying to be polite and kind, and I hope you saw that. Hopefully, I am now on your list of good kids. I was trying my best to be nice.*

*I will see you on the Christmas Eve and I promise to leave you some milk and cookies!*

*Merry Christmas to you!*
